PROJECT FOR CONSTRUCTION OF AN AUDITORIUM

Introduction

Social Advancement Foundation of India (SAFI) is a nonprofit charitable trust established in September 2001 for the upliftment and transformation of educationally backward classes, particularly Muslim community in to a progressive and advanced society. The trust is constituted by educationists, philanthropists and social activists with the objective of providing for academic and research programmes in frontier areas of science and technology and humanities, maintaining international standards. The vision of SAFI is the transformation of our people into an intellectually and morally advanced society competent and dynamic enough to meet the challenges of the modern world. SAFI envisages the emergence of competent leaders in every field.

SAFI Institute of Advanced Study (SIAS) is the most important institution conceived for the fulfillment of its mission. It is to be developed as a hub for post graduate study and research, a centre of excellence, which should in due course become a University or a deemed university. It requires careful advance preparation and massive investment. We have already acquired about 440 acres of land of which about 150 acres is set-apart for developing a campus and rest for developing a Township. We have already provided a magnificent building for housing the existing post graduate department of study like Biotechnology, Bio informatics, Mass Communication and journalism & Islamic Studies. The investment so far is about Rs. 20 crores. It has been the result of the generosity of our patrons.

For the institution to develop into a full fledged campus, much more facilities are essential and we approach our patrons with the hope that they will support or sponsor this project so that Safi Institute of Advanced Study will evolve into an ideal campus.

Project in detail:-

An Auditorium is essential for an Institution like Safi Institute of Advanced Study for conducting frequent meetings, seminars, conference and similar activities. We must plan an Auditorium that will be sufficient to accommodate about 1000 persons. The Auditorium must have a good stage, green room, sound system and other usual facilities.

Objective

To construct an Auditorium in the SAFI campus.

Location

The Auditorium will be constructed in a convenient place selected for the purpose.

Project Cost

The cost of construction of the proposed Auditorium is estimated to be Rs. 75 lakhs (Rupees Seventy five lakh only)

Project implementation and monitoring

The project will be implemented in a year. The proposed Auditorium so constructed will be dedicated in the name of the donor or his nominee.
